Contents

- Key points of the module
- Reflection / Share lessons learned
- Evaluation of the module
- Closing

Key points of the module

Reflection - soft skills

- Someone who knows how to program in a particular language could easily be replaced by someone else with similar knowledge or even by a computer program. But a programmer who is also a great communicator, who can explain technical concepts to non-technical people, collaborate effectively with their team, and demonstrate empathy towards clients can be irreplaceable as they bring a unique set of interpersonal skills to the table in addition to their technical expertise.

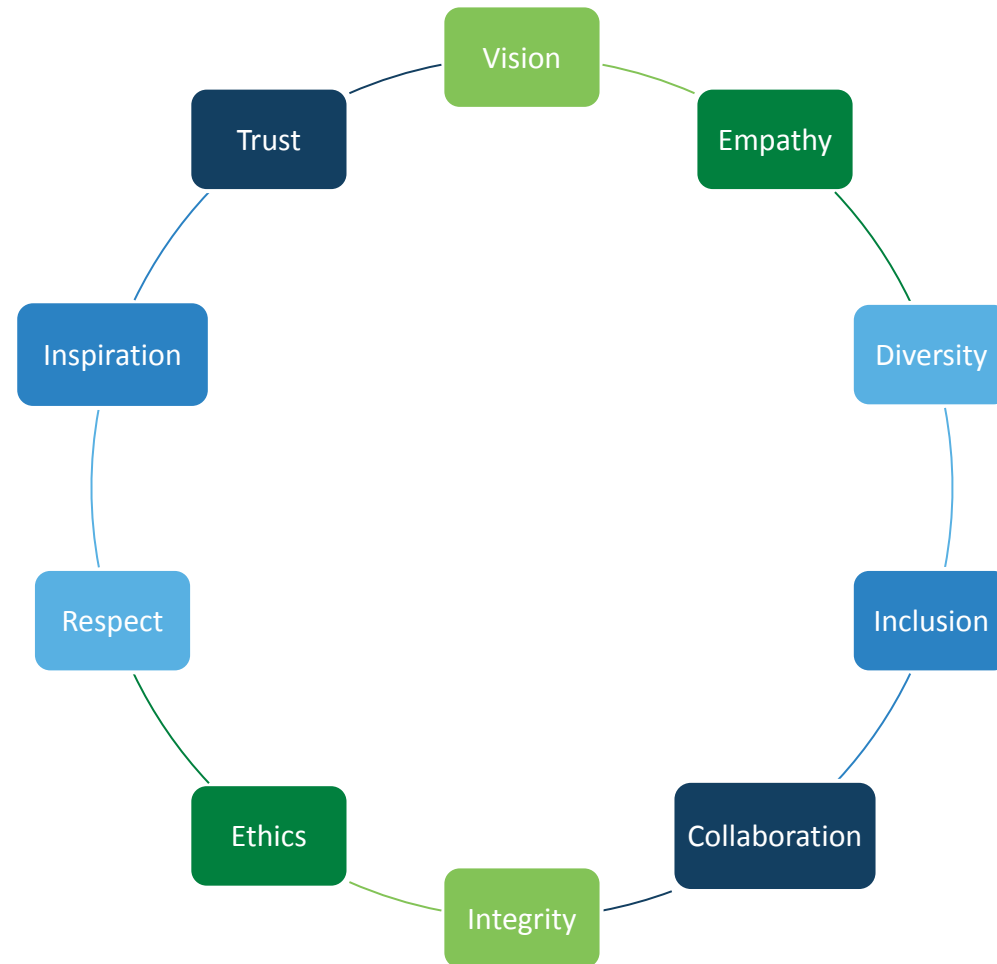

Soft Skills

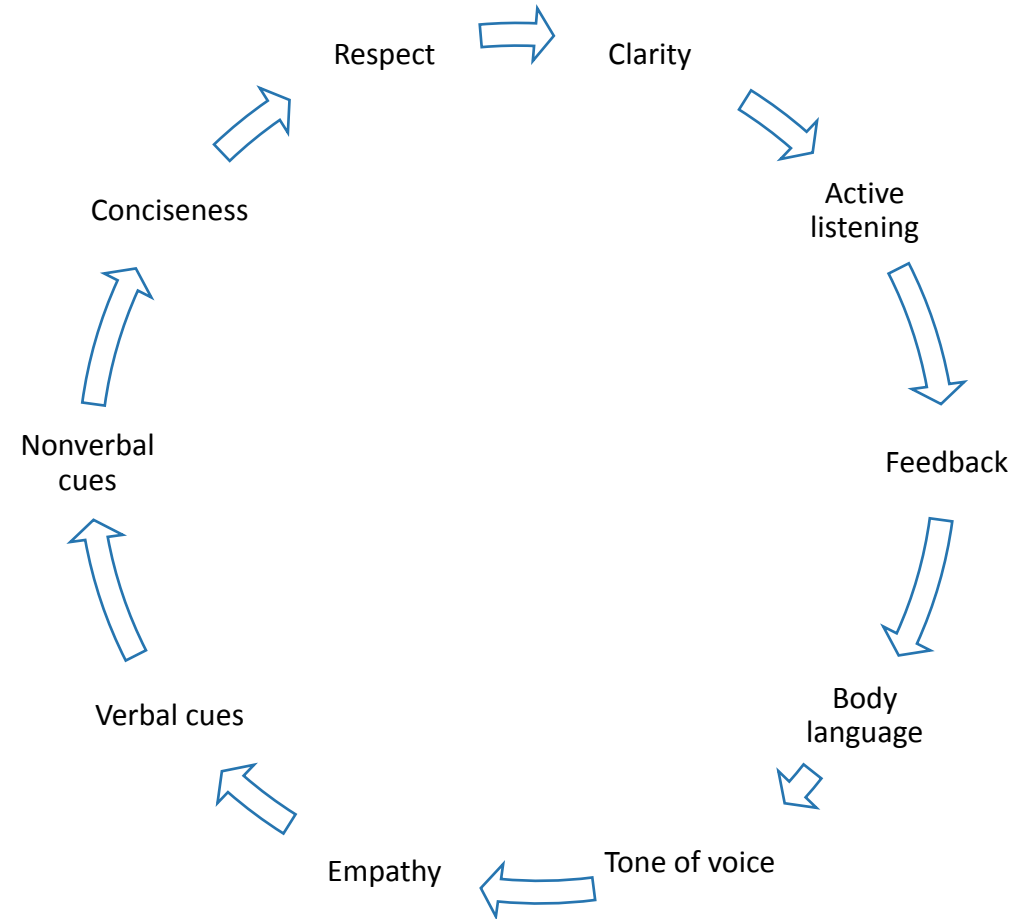

Reflection - Soft skills

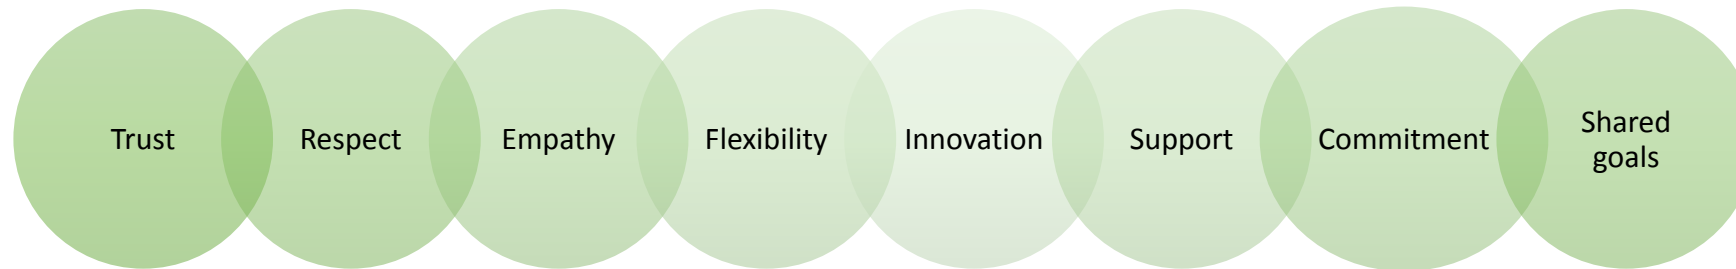

Reflection - leadership

Reflection - Communication

Reflection - Teamwork

Brainstorming

- What are some of the key takeaways from the module that you will remember and apply in the future?
- How can you apply the skills you have learned in this module in your personal and professional life?
- What surprised you the most about the module, and how has this changed your perspective on the topic?

**Any questions?
Thank you!**
