SETTING OUR NEXT GOALS!

Finalization and Translation of the Training Units into partner's national languages

Our training modules will be translated into different languages to meet the needs of specific countries: Spanish for Spain, Greek for Cyprus and Greece, German for Austria, Italian for Italy, and Finnish for Finland. This translation procedure aims to guarantee that the training content is accessible and impactful in engaging the target audience in their native languages.

Development of paper brochure

A compelling paper brochure will be developed to effectively showcase the project's content and the thematic elements of the created modules.
